- Transferring and lifting children and adolescents: Home instruction sheets, DL Jaeger, 44(11):1054
- Treatment of severe behavior disorders: Behavior analysis approaches, E Cipani, Editor, 44(7):666
- Understanding stress: Strategies for a healthier mind & body, M Hansen, G Ritter, M Gutmann, B Christiansen, 44(4):378
- Vocational education for multihandicapped youth with cerebral palsy, P Wehman, W Wood, JM Everson, R Goodwyn, S Conley, 44(4):377

- Vocational evaluation in special education, NC Hursh, AF Kerns, 44(1):86-87
 Vocational rehabilitation and supported employment, P Wehman, MS Moon, 44(4):376
 Vocational rehabilitation of persons with prolonged psychiatric disorders, JA Ciardiello, MD Bell, Editors, 44(6):569
 Volunteer rehabilitation technology: International perspectives and possibilities, J Tobias, DE Woods, Editors, 44(6):570
 Why can't Sharon Kowalski come home? K Thompson, J Andrejewski, 44(6):568

BRIEF OR NEW

- A computer program for enhancing visuomotor skills, W Farrell, W Schultz-Krohn, 44(6):557-559
 A dynamic elbow flexion splint for an infant with arthrogryposis, NI Kamil, 44(5):460-461
 A folding dressing stick, J Lyouretzos, 44(1):77
 A multidisciplinary approach to the development of competency standards and appropriate allocation for patients with dysphagia, M Mody, 44(4):369-372
 An adjustable splint for forearm supination, MS Murphy, 44(10):936-939
 Certification in administration and interpretation of the Sensory Integration and Praxis Tests, S Stallings-Sahler, 44(7):655-657
 Employment of occupational therapists in nontraditional settings, CB Royeen, 44(2):172-173
 Progressive student expectations based on AOTA's fieldwork evaluation, T Jas-Weathers, 44(9):848-851
 State guidelines for school-based occupational therapy: 1989 survey, SH Carr, 44(8):755-757
 Teaching safe sex practices to psychiatric patients, K Sladyk, 44(3):284-286
 The sand tray technique in the treatment of patients with dissociative disorders: Recommendations for occupational therapists, RG Sachs, 44(11):1045-1047

CASE REPORT

- An intervention program for a fraternal twin with Down syndrome, SJ Edwards, 44(5):454-458
 Evaluating the potential for powered mobility, J Chase, DM Bailey, 44(12):1125-1129
 Incorporating continuous passive motion in the rehabilitation of a patient with Guillain-Barré syndrome, ML Mays, 44(8):750-754
 Occupational therapy intervention with an adolescent with brain injury and behavioral disorders, DA Davidson, 44(2):168-171
 Play behavior and occupational therapy, RC Schaaf, 44(1):68-75
 Report of an occupational therapy evaluation of sensory integration and praxis, S Stallings-Sahler, 44(7):650-653
 Report of an occupational therapy evaluation using the Sensory Integration and Praxis Tests, LC Tupper, 44(7):647-649
 Teaching the patient with cognitive deficits to use a computer, RC Batt, 44(4):364-367
 The HIV-positive intravenous drug abuser, GC O'Rourke, 44(3):280-283
 The use of powered leisure and communication devices in a switch training program, LP Einis, DM Bailey, 44(10):931-934
 Toward becoming one self, SL Angel, 44(11):1037-1043
 Upper extremity casting: Adjunct treatment for a child with cerebral palsy hemiplegia, A Yasukawa, 44(9):840-846
 Upper extremity inhibitive casting in a boy with spastic quadriplegia, DA Cruickshank, DL O'Neill, 44(6):552-555

EDITORIAL

- Journal changes, E Viseltear, 44(1):6
 Thanks, kind colleagues, E Viseltear, 44(2):103
 The year in review, E Viseltear, 44(12):1063

FOUNDATION, THE

- Research abstracts, 44(5):465-467
 Research grant policies, 44(7):662-663

HEALTH POLICY

- The new direction in health policy, D Ellek, 44(10):947-949

ISSUE IS, THE

- Can we delimit the discipline of occupational therapy? J Van Deusen, 44(2):175-176
 Client or patient: Which term is more appropriate for use in occupational therapy? SR Herzberg, 44(6):561-564
 Fieldwork students under stress, HK Yuen, 44(1):80-81
 Intrinsic motivation, SM Arnsten, 44(5):462-463
 Progressive career patterns versus mandated entry-level education, MV Donohue, 44(8):759-762
 Referral for profit (White paper), 44(9):852-853
 The changing face of the rehabilitation population: A challenge for therapists, MA Boyle, 44(10):941-945
 The dilemma of part-time career patterns, DM Bailey, 44(4):375
 The disparity between educational preparation and the expectations of practice, PP Wittman, 44(12):1130-1131
 Understanding skepticism toward multiple personality disorder, PL Dawson, 44(11):1048-1050
 Validity of the Southern California Postrotary Nystagmus Test: Misconceptions lead to incorrect conclusions, T Wiss, F Clark, 44(7):658-660

LETTERS TO THE EDITOR

- Addition to home health care role, J Groves, 44(2):181-182
 Are tenodesis splints cost efficient? JJ Boyer [Author's response, Garber SL], 44(9):857
 Book on AIDS missing from special issue, J-F Vilain, 44(10):951
 Concerns about Louisiana criteria, B Rainforth [Author's response, Carr SH], 44(5):469-470
 Likes special issue on AIDS, SL Schwartzberg, 44(10):951
 Medical diagnoses and occupational dysfunction are separate, SE Doble, BJ O'Shea [Author's response, Van Deusen J], 44(10):950-951
 More concerns, MF Giangreco, KC Spencer [Author's response, Carr SH], 44(5):470-472
 More on the Barthel Index, C Collin, 44(9):857
 Placement of articles is shameful, Z Mailloux, 44(2):182
 Selecting computer systems in augmentative communication, J Angelo, RO Smith [Authors' response, Newman GC, Sparrow AR, Hospod FE], 44(2):181
 Special issue on AIDS is a substantial contribution, RP Erhardt, 44(10):951
 The relationship of symptom to function elaborated, R Bohannon [Authors' response, McPherson JJ, Spaulding SJ], 44(1):83
 To therapists working in geriatrics and other nonpediatric areas, J Groves, 44(9):857

LOOKING BACK

- Evolving educational practices in occupational therapy: The War Emergency Courses, 1936-1954, W Colman, 44(11):1028-1036
 Recruitment standards and practices in occupational therapy, 1900-1930, W Colman, 44(8):742-748
 The Curriculum Directors: Influencing occupational therapy education, 1948-1964, W Colman, 44(4):357-362

NATIONALLY SPEAKING

- American Occupational Therapy Foundation: Milestones of a quarter century, EB Devreux, 44(4):295-297
 Balancing art and science and private and public knowledge: A matrix for successful practice, OJ Bowman, 44(7):583-587
 Childhood sexual abuse and multiple personality disorder: Emotional sequelae of caretakers, ML Fike, 44(11):967-969

Collaborative relationships: Opportunities for occupational therapy in the 1990s and beyond, AP Grady, 44(2):105-108
 Leadership is everybody's practice, AP Grady, 44(12):1065-1068
 Perspectives on the past and future, part 2, WL West, 44(1):9-10
 The transformation of HIV infection and AIDS in occupational therapy: Beginning the conversation, M Pizzi, 44(3):199-203

REVIEWER'S GUIDE, 44(4):380; 44(10):957

SOFTWARE & TECHNOLOGY REVIEWS

Early and advanced switch games, SK Dilly, 44(2):179
 Joystick trainer, SK Dilly, 44(2):179
 LIFT ALERT[®] personal lifting monitor, RK Schwartz, 44(9):855-856
 Microsoft works, integrated productivity software version 2.0, M Rudolph, 44(12):1134
 Switch progressions, SK Dilly, 44(2):179-180
 TRX wristwatch style pulse monitor model PU-701, RK Schwartz, 44(12):1133-1134

Subject Index

A

ACCOUNTING

Evaluating productivity and profitability in occupational therapy contractual work, 44(2):133-137

ACCREDITATION

Program evaluation for accreditation, 44(9):823-826

ACQUIRED IMMUNODEFICIENCY SYNDROME

AIDS: Toward a compassionate response, 44(3):271-278
 Assessing the impact of HIV disease, 44(3):220-226
 Brief or New—Teaching safe sex practices to psychiatric patients, 44(3):284-286
 Case Report—The HIV-positive intravenous drug abuser, 44(3):280-283
 Coping with grief in response to caring for persons with AIDS, 44(3):266-269
 Day treatment program for persons with AIDS, 44(3):234-237
 Hemophilia, AIDS, and occupational therapy, 44(3):228-232
 Knowledge and attitudes of occupational therapy students regarding AIDS, 44(3):205-210
 Legal perspective on AIDS, 44(3):244-246
 Model of human occupation and adults with HIV infection and AIDS, 44(3):257-264
 Occupational therapy personnel and AIDS: Attitudes, knowledge, and fears, 44(3):212-217

ACTIVITIES OF DAILY LIVING

Brief or New—A folding dressing stick, 44(1):77
 Concurrent validity of the task-oriented assessment component of the Bay Area Functional Performance Evaluation with the American Association on Mental Deficiency Adaptive Behavior Scale, 44(10):907-912
 Effect of mouth closure on drooling and speech, 44(8):686-691
 Evaluating a Level I fieldwork model for independent living skills, 44(8):692-699
 Quality of time use by adults with spinal cord injuries, 44(4):318-326
 Upper extremity assistive devices: Assessment of use by spinal cord-injured patients with quadriplegia, 44(2):126-131

ACTIVITIES OF DAILY LIVING EVALUATION

Occupational therapy in acute inpatient psychiatry: An activities health approach, 44(9):809-814

ACTIVITY ANALYSIS

Adding purpose to the repetitive exercise of elderly women through imagery, 44(8):714-719

ACTIVITY THERAPY PROGRAM

Occupational therapy in acute inpatient psychiatry: An activities health approach, 44(9):809-814

ADAPTATION, PSYCHOLOGICAL

Activity patterns and life changes in people with depression, 44(10):902-906
 Coping strategies used by occupational therapy students during fieldwork: An exploratory study, 44(6):543-550

ADAPTATION, TEMPORAL

Quality of time use by adults with spinal cord injuries, 44(4):318-326

ADOLESCENT BEHAVIOR

Sensory integrative processing in delinquent-prone and non-delinquent-prone adolescents, 44(7):630-639

ADULT

Clinical teaching: Fieldwork supervisors' attitudes and values, 44(9):835-838

AGED

Adding meaning to a design copy task through representational stimuli, 44(5):408-413
 Adding purpose to the repetitive exercise of elderly women through imagery, 44(8):714-719

ALLIED HEALTH PERSONNEL

Reasons for attrition from occupational therapy, 44(1):23-29
 Ways to retain or reactivate occupational therapists, 44(1):31-37

AMERICAN OCCUPATIONAL THERAPY ASSOCIATION

Awards

Cordelia Myers Writer's Award, LJ Miller, 44(5):439

Business meeting, minutes

The 1990 annual business meeting, 44(12):1121-1123

Educational programs

Listing of educational programs in occupational therapy, 44(12):1104-1112

Official documents

Association policies, 44(12):1118
 Entry-level role delineation for registered occupational therapists (OTRs) and certified occupational therapy assistants (COTAs), 44(12):1091-1102
 Supervision guidelines for certified occupational therapy assistants, 44(12):1089-1090

President's address

Nationally Speaking—Collaborative relationships: Opportunities for occupational therapy in the 1990s and beyond, 44(2):105-108
 Nationally Speaking—Leadership is everybody's practice, 44(12):1065-1068

Professional practice

Entry-level role delineation for registered occupational therapists (OTRs) and certified occupational therapy assistants (COTAs), 44(12):1091-1102
 Supervision guidelines for certified occupational therapy assistants, 44(12):1089-1090

Representative Assembly, minutes

The 1990 Representative Assembly summary of minutes, 44(12):1119-1120

AMERICAN OCCUPATIONAL THERAPY FOUNDATION

The Foundation—Research abstracts, 44(5):465-467
 The Foundation—Research grant policies, 44(7):662-663

ARCHITECTURAL ACCESSIBILITY

Food store accessibility, 44(6):487-491

ARM SPLINTS

Brief or New—An adjustable splint for forearm supination, 44(10):936-939

ART

Art and multiple personality disorder: An expressive framework for occupational therapy, 44(11):1013-1022

ASSESSMENT PROCESS, OCCUPATIONAL THERAPY

- Case Report—Report of an occupational therapy evaluation of sensory integration and praxis, 44(7):650-653
- Peabody Developmental Fine Motor Scale: An interrater reliability study, 44(4):334-340
- Use of the Role Checklist with the patient with multiple personality disorder, 44(11):1008-1012

ASSESSMENT TECHNICS

- Goal attainment scaling as a method of clinical service evaluation, 44(6):519-525

ATTITUDE OF OCCUPATIONAL THERAPISTS

- Occupational therapy personnel and AIDS: Attitudes, knowledge, and fears, 44(3):212-217
- Research attitudes and activities of occupational therapy clinicians, 44(4):350-355

B

BEHAVIORAL SYMPTOMS

- Assessing the impact of HIV disease, 44(3):220-226

BIOFEEDBACK

- Use of relaxation training to enhance functional outcomes in adults with traumatic head injuries, 44(9):797-802

BIRTH INJURIES

- Brief or New—A dynamic elbow flexion splint for an infant with arthrogryposis, 44(5):460-461

BODY IMAGE

- Body part identification in 1- to 2-year-old children, 44(2):147-153

BODY PART IDENTIFICATION

- Body part identification in 1- to 2-year-old children, 44(2):147-153

BRAIN INJURIES

- Test of Orientation for Rehabilitation Patients: Interrater reliability, 44(9):784-790

BUDGETS

- Developing a variable budget for occupational therapy contract work, 44(9):803-807

C

CAREER MOBILITY (PROFESSIONAL)

- Brief or New—Employment of occupational therapists in nontraditional settings, 44(2):172-173

CAREGIVERS

- AIDS: Toward a compassionate response, 44(3):271-278

CASTS, SURGICAL

- Case Report—Upper extremity inhibitive casting in a boy with spastic quadriplegia, 44(6):552-555

CEREBRAL PALSY

- Case Report—Upper extremity casting: Adjunct treatment for a child with cerebral palsy hemiplegia, 44(9):840-846
- Case Report—Upper extremity inhibitive casting in a boy with spastic quadriplegia, 44(6):552-555
- Effect of mouth closure on drooling and speech, 44(8):686-691
- Effects of keyguard use and pelvic positioning on typing speed and accuracy in a boy with cerebral palsy, 44(4):312-315
- Measuring the effects of neurodevelopmental treatment on the daily living skills of 2 children with cerebral palsy, 44(2):139-145

CEREBRAL VASCULAR ACCIDENT

- Assessment of measures to predict the outcome of driving evaluations in patients with cerebral damage, 44(8):709-713

CEREBROVASCULAR DISORDERS

- Shoulder subluxation and pain in stroke patients, 44(6):507-509

CHILD ABUSE

- Child abuse as an antecedent of multiple personality disorder, 44(11):978-983
- Clinical manifestations in persons with multiple personality disorder, 44(11):984-990
- Multiple personality disorder: An overview, 44(11):971-976

CHILD BEHAVIOR DISORDERS

- Formulating a role for occupational therapy in child psychiatry: A clinical application, 44(10):871-882

CHILD DEVELOPMENT

- Body part identification in 1- to 2-year-old children, 44(2):147-153
- Descriptive analysis of the developmental progression of grip position for pencil and crayon control in nondysfunctional children, 44(10):893-900
- Environmental support and the development of grasp in infants, 44(8):721-727
- Occupational therapy for children with perinatal HIV infection, 44(3):249-255
- Self-esteem in children: Considerations for measurement and intervention, 44(8):729-734
- Zone of proximal development in in-hand manipulation skills of nondysfunctional 3- and 4-year-old children, 44(10):884-891

CHILD DEVELOPMENT DISORDERS

- Decreasing drooling with oral motor stimulation in children with multiple disabilities, 44(8):680-684
- Effect of mouth closure on drooling and speech, 44(8):686-691
- Integrating motor control and motor learning concepts with neuropsychological perspectives on apraxia and developmental dyspraxia, 44(5):431-439
- Miller Assessment for Preschoolers: Clinical use with children with developmental delays, 44(1):48-53
- Peabody Developmental Fine Motor Scale: An interrater reliability study, 44(4):334-340
- Protocol for the use of videofluoroscopy in pediatric swallowing dysfunction, 44(5):441-446

CLASSIFICATION

- Quality of time use by adults with spinal cord injuries, 44(4):318-326

CLINICAL COMPETENCE

- Mastery in clinical occupational therapy, 44(5):415-422

COGNITION

- Test of Orientation for Rehabilitation Patients: Interrater reliability, 44(9):784-790

COGNITIVE ASSESSMENT

- Relationship of the Allen Cognitive Level Test to cognitive abilities and psychopathology, 44(6):493-497

COGNITIVE REHABILITATION

- Case Report—Teaching the patient with cognitive deficits to use a computer, 44(4):364-367

COMMUNICATION AIDS FOR THE HANDICAPPED

- Case Report—The use of powered leisure and communication devices in a switch training program, 44(10):931-934

COMMUNITY HEALTH SERVICES

- Home adaptations for persons with chronic disabilities: An educational model, 44(10):923-929

COMPETENCE

- Self-esteem in children: Considerations for measurement and intervention, 44(8):729-734

COMPUTER ASSISTED INSTRUCTION

- Brief or New—A computer program for enhancing visuomotor skills, 44(6):557-559

COMPUTER ASSISTED THERAPY

- Integration of computers into the occupational therapy department, 44(6):527-534

COMPUTERS (USE IN THERAPY)

- Case Report—Teaching the patient with cognitive deficits to use a computer, 44(4):364-367
- Effects of keyguard use and pelvic positioning on typing speed and accuracy in a boy with cerebral palsy, 44(4):312-315

CURRICULUM

- Program evaluation for accreditation, 44(9):823-826

CURRICULUM DESIGN

- Adult physical dysfunction content in professional curricula, 44(12):1079-1087

D

DECISION MAKING

- Part-time Level II fieldwork program, 44(1):60-65

DEFENSE MECHANISMS

- Expressive therapy in conjunction with psychotherapy in the

treatment of persons with multiple personality disorder, 44(11):991-993

Multiple personality disorder: An overview, 44(11):971-976

DEGLUTITION DISORDERS

Brief or New—A multidisciplinary approach to the development of competency standards and appropriate allocation for patients with dysphagia, 44(4):369-372

Protocol for the use of videofluoroscopy in pediatric swallowing dysfunction, 44(5):441-446

DELIVERY OF HEALTH CARE

Networking: A successful linkage for community occupational therapists, 44(5):424-430

DEVELOPMENTAL SCREENING

Miller Assessment for Preschoolers: Clinical use with children with developmental delays, 44(1):48-53

DEVELOPMENTAL THERAPY

Case Report—An intervention program for a fraternal twin with Down syndrome, 44(5):454-458

Factors associated with the transition to oral feeding in infants fed by nasogastric tubes, 44(12):1070-1078

Preparation of occupational therapists to work in early intervention programs, 44(9):828-833

DOCUMENTATION

Goal attainment scaling as a method of clinical service evaluation, 44(6):519-525

DRESSING AIDS

Brief or New—A folding dressing stick, 44(1):77

DRIVER TRAINING FOR THE HANDICAPPED

Assessment of measures to predict the outcome of driving evaluations in patients with cerebral damage, 44(8):709-713

E

EATING AIDS

Use of an elbow restraint to improve finger-feeding skills in a child with Rett syndrome, 44(4):328-332

EDEMA

Effects of continuous passive motion and elevation on hand edema, 44(10):914-921

EDUCATION, OCCUPATIONAL THERAPY

Adult physical dysfunction content in professional curricula, 44(12):1079-1087

Clinical teaching: Fieldwork supervisors' attitudes and values, 44(9):835-838

Evaluating a Level I fieldwork model for independent living skills, 44(8):692-699

Graduate programs for occupational therapists, 44(12):1113-1116

Home adaptations for persons with chronic disabilities: An educational model, 44(10):923-929

Level I fieldwork process, 44(8):700-707

Listing of educational programs in occupational therapy, 44(12):1104-1112

Looking Back—Evolving educational practices in occupational therapy: The War Emergency Courses, 1936-1954, 44(11):1028-1036

Looking Back—Recruitment standards and practices in occupational therapy, 1900-1930, 44(8):742-748

Looking Back—The Curriculum Directors: Influencing occupational therapy education, 1948-1964, 44(4):357-362

Part-time Level II fieldwork program, 44(1):60-65

Perceived competence among occupational therapists in mental health, 44(2):118-124

Preparation of occupational therapists to work in early intervention programs, 44(9):828-833

Relationship of educational level to the development and dissemination of knowledge by occupational therapists, 44(1):39-46

Value of psychosocial Level II fieldwork, 44(9):792-795

EFFICIENCY

Creating excellence in patient care, 44(9):816-821

Developing a variable budget for occupational therapy contract work, 44(9):803-807

Evaluating productivity and profitability in occupational therapy contractual work, 44(2):133-137

Perceived competence among occupational therapists in mental health, 44(2):118-124

EMPLOYMENT

Brief or New—Employment of occupational therapists in nontraditional settings, 44(2):172-173

ENVIRONMENT, PHYSICAL

Home adaptations for persons with chronic disabilities: An educational model, 44(10):923-929

ENVIRONMENTAL DESIGN

Food store accessibility, 44(6):487-491

EQUIPMENT, DEPARTMENTAL, OCCUPATIONAL THERAPY

Integration of computers into the occupational therapy department, 44(6):527-534

EQUIPMENT DESIGN

Brief or New—A folding dressing stick, 44(1):77

Brief or New—An adjustable splint for forearm supination, 44(10):936-939

ETHICS, PROFESSIONAL

Ethics of caring for patients with HIV or AIDS, 44(3):239-242

EYE MOVEMENTS

Identification of visual scanning deficits in adults after cerebrovascular accident, 44(5):391-399

F

FEEDING BEHAVIOR

Factors associated with the transition to oral feeding in infants fed by nasogastric tubes, 44(12):1070-1078

FIELDWORK EDUCATION, OCCUPATIONAL THERAPY

Brief or New—Progressive student expectations based on AOTA's fieldwork evaluation, 44(9):848-851

Clinical teaching: Fieldwork supervisors' attitudes and values, 44(9):835-838

Coping strategies used by occupational therapy students during fieldwork: An exploratory study, 44(6):543-550

Evaluating Level I fieldwork students: A job model, 44(2):161-165

FIELDWORK, OCCUPATIONAL THERAPY, LEVEL I

Evaluating a Level I fieldwork model for independent living skills, 44(8):692-699

Level I fieldwork process, 44(8):700-707

G

GONIOMETRY

Reliability of goniometric measurements of active and passive wrist motions, 44(4):342-348

GROSS AND FINE MOTOR EVALUATION

Descriptive analysis of the developmental progression of grip position for pencil and crayon control in nondysfunctional children, 44(10):893-900

Environmental support and the development of grasp in infants, 44(8):721-727

GROSS AND FINE MOTOR SKILLS

Sensorimotor program for improving writing readiness skills in elementary-age children, 44(2):111-116

GROUP ACTIVITIES

Evaluating a Level I fieldwork model for independent living skills, 44(8):692-699

H

HAND

Test of fine finger dexterity, 44(6):499-504

HAND FUNCTIONS

Descriptive analysis of the developmental progression of grip position for pencil and crayon control in nondysfunctional children, 44(10):893-900

Effects of education on hand use with industrial workers in repetitive jobs, 44(9):777-782

Environmental support and the development of grasp in infants, 44(8):721-727

Incidence of atypical pencil grasps among nondysfunctional adults, 44(8):736-740

HAND FUNCTIONS AND SKILLS EVALUATION

Zone of proximal development in in-hand manipulation skills of

nondysfunctional 3- and 4-year-old children, 44(10):884-891

HAND GRASP EVALUATION

Incidence of atypical pencil grasps among nondysfunctional adults, 44(8):736-740

HANDWRITING

Incidence of atypical pencil grasps among nondysfunctional adults, 44(8):736-740

Sensorimotor program for improving writing readiness skills in elementary-age children, 44(2):111-116

HEAD INJURIES

Assessment of measures to predict the outcome of driving evaluations in patients with cerebral damage, 44(8):709-713

Use of relaxation training to enhance functional outcomes in adults with traumatic head injuries, 44(9):797-802

HEALTH PROMOTION

Day treatment program for persons with AIDS, 44(3):234-237

Networking: A successful linkage for community occupational therapists, 44(5):424-430

HEMIPLEGIA

Effects of continuous passive motion and elevation on hand edema, 44(10):914-921

HISTORY

Looking Back—Recruitment standards and practices in occupational therapy, 1900-1930, 44(8):742-748

HISTORY OF OCCUPATIONAL THERAPY

Looking Back—Evolving educational practices in occupational therapy: The War Emergency Courses, 1936-1954, 44(11):1028-1036

Looking Back—The curriculum directors: Influencing occupational therapy education, 1948-1964, 44(4):357-362

HOLISTIC HEALTH

Value of psychosocial Level II fieldwork, 44(9):792-795

HUMAN ACTIVITIES AND OCCUPATIONS

Adding purpose to the repetitive exercise of elderly women through imagery, 44(8):714-719

HYDROCEPHALUS

Case Report—Occupational therapy intervention with an adolescent with brain injury and behavioral disorders, 44(2):168-171

I

IMMOBILIZATION

Case Report—Upper extremity casting: Adjunct treatment for a child with cerebral palsy hemiplegia, 44(9):840-846

INFANT, LOW BIRTH WEIGHT

Factors associated with the transition to oral feeding in infants fed by nasogastric tubes, 44(12):1070-1078

J

JOB ANALYSIS

Evaluating Level I fieldwork students: A job model, 44(2):161-165

JUVENILE DELINQUENCY

Sensory integrative processing in delinquent-prone and non-delinquent-prone adolescents, 44(7):630-639

L

LEARNING DISORDERS

Case Report—Play behavior and occupational therapy, 44(1):68-75

Praxis on verbal command and imitation, 44(7):641-645

Relationship between form and space perception, constructional abilities, and clumsiness in children, 44(7):623-628

Using the Sensory Integration and Praxis Tests to measure change: A pilot study, 44(7):603-608

LEGISLATION

Legal perspective on AIDS, 44(3):244-246

LITERATURE

Patient-therapist relationship in occupational therapy: Understanding visions and images, 44(1):13-21

M

MEASUREMENT SCALES

Reliability of goniometric measurements of active and passive wrist motions, 44(4):342-348

MENTAL DISORDERS

Stress management program: Inpatient-to-outpatient continuity, 44(4):306-310

MENTAL HEALTH

Occupational therapy with patients with multiple personality disorder: Personal reflections, 44(11):1024-1027

MENTAL HEALTH OCCUPATIONAL THERAPY

Value of psychosocial Level II fieldwork, 44(9):792-795

MENTAL HEALTH SERVICES

Occupational therapy in acute inpatient psychiatry: An activities health approach, 44(9):809-814

MENTAL PROCESS

Adding purpose to the repetitive exercise of elderly women through imagery, 44(8):714-719

MICROCOMPUTERS

Integration of computers into the occupational therapy department, 44(6):527-534

MILIEU THERAPY

Occupational therapy in acute inpatient psychiatry: An activities health approach, 44(9):809-814

MOBILITY

Case Report—Evaluating the potential for powered mobility, 44(12):1125-1129

Effect of rhizotomy on movement in patients with cerebral palsy, 44(6):511-516

MODALITIES, OCCUPATIONAL THERAPY

Case Report—Play behavior and occupational therapy, 44(1):68-75

Critical analysis of occupational therapy approaches for perceptual deficits in adults with brain injury, 44(4):299-304

MODELS, OCCUPATIONAL THERAPY

Formulating a role for occupational therapy in child psychiatry: A clinical application, 44(10):871-882

MODELS, THEORETICAL

Use of the Role Checklist with the patient with multiple personality disorder, 44(11):1008-1012

MOTOR SKILLS

Brief or New—A computer program for enhancing visuomotor skills, 44(6):557-559

Integrating motor control and motor learning concepts with neuropsychological perspectives on apraxia and developmental dyspraxia, 44(5):431-439

Relations between design copying and other tests of sensory integrative dysfunction: A pilot study, 44(7):596-603

Test of fine finger dexterity, 44(6):499-504

Zone of proximal development in in-hand manipulation skills of nondysfunctional 3- and 4-year-old children, 44(10):884-891

MOVEMENT THERAPY

Case Report—Incorporating continuous passive motion in the rehabilitation of a patient with Guillain-Barré syndrome, 44(8):750-754

MULTIPLE-PERSONALITY DISORDERS

Art and multiple personality disorder: An expressive framework for occupational therapy, 44(11):1013-1022

Brief or New—The sand tray technique in the treatment of patients with dissociative disorders: Recommendations for occupational therapists, 44(11):1045-1047

Case Report—Toward becoming one self, 44(11):1037-1043

Child abuse as an antecedent of multiple personality disorder, 44(11):978-983

Clinical manifestations in persons with multiple personality disorder, 44(11):984-990

Considerations and techniques in the treatment of persons with multiple personality disorder, 44(11):999-1007

Expressive therapy in conjunction with psychotherapy in the treatment of persons with multiple personality disorder, 44(11):991-993

Multiple personality disorder: An overview, 44(11):971-976

Occupational therapy with patients with multiple personality disorder: Personal reflections, 44(11):1024-1027
 Understanding and cooperation among alter and host personalities, 44(11):994-997

MUSCLE HYPERTONIA

Case Report—Upper extremity casting: Adjunct treatment for a child with cerebral palsy hemiplegia, 44(9):840-846

MUSCLE SPASTICITY

Case Report—Upper extremity casting: Adjunct treatment for a child with cerebral palsy hemiplegia, 44(9):840-846
 Effect of rhizotomy on movement in patients with cerebral palsy, 44(6):511-516

N

NEURODEVELOPMENTAL THERAPY

Case Report—An intervention program for a fraternal twin with Down syndrome, 44(5):454-458
 Measuring the effects of neurodevelopmental treatment on the daily living skills of 2 children with cerebral palsy, 44(2):139-145

O

OCCUPATIONAL THERAPISTS, MANPOWER

Reasons for attrition from occupational therapy, 44(1):23-29
 Relationship between admission criteria and practice preferences, 44(5):447-452

Ways to retain or reactivate occupational therapists, 44(1):31-37

OCCUPATIONAL THERAPY

Brief or New—A dynamic elbow flexion splint for an infant with arthrogryposis, 44(5):460-461

OCCUPATIONAL THERAPY IN PSYCHIATRY

Art and multiple personality disorder: An expressive framework for occupational therapy, 44(11):1013-1022
 Clinical manifestations in persons with multiple personality disorder, 44(11):984-990

Considerations and techniques in the treatment of persons with multiple personality disorder, 44(11):999-1007

Expressive therapy in conjunction with psychotherapy in the treatment of persons with multiple personality disorder, 44(11):991-993

Perceived competence among occupational therapists in mental health, 44(2):118-124

Understanding and cooperation among alter and host personalities, 44(11):994-997

OCCUPATIONAL THERAPY SERVICES

Brief or New—A multidisciplinary approach to the development of competency standards and appropriate allocation for patients with dysphagia, 44(4):369-372

Brief or New—State guidelines for school-based occupational therapy: 1989 survey, 44(8):755-757

Case Report—Report of an occupational therapy evaluation of sensory integration and praxis, 44(7):650-653

Ethics of caring for patients with HIV or AIDS, 44(3):239-242

Hemophilia, AIDS, and occupational therapy, 44(3):228-232

Model of human occupation and adults with HIV infection and AIDS, 44(3):257-264

Networking: A successful linkage for community occupational therapists, 44(5):424-430

Occupational therapy for children with perinatal HIV infection, 44(3):249-255

Using the Sensory Integration and Praxis Tests to measure change: A pilot study, 44(7):603-608

OCCUPATIONAL THERAPY STAFF

Occupational therapy personnel and AIDS: Attitudes, knowledge, and fears, 44(3):212-217

OCCUPATIONAL THERAPY (TREATMENT)

Case Report—Teaching the patient with cognitive deficits to use a computer, 44(4):364-367

Case Report—The HIV-positive intravenous drug abuser, 44(3):280-283

Stress management program: Inpatient-to-outpatient continuity, 44(4):306-310

Use of an elbow restraint to improve finger-feeding skills in a child with Rett syndrome, 44(4):328-332

ORAL MOTOR FUNCTION

Factors associated with the transition to oral feeding in infants fed by nasogastric tubes, 44(12):1070-1078

ORGANIC MENTAL DISORDERS

Relationship of the Allen Cognitive Level Test to cognitive abilities and psychopathology, 44(6):493-497

ORGANIZATION AND ADMINISTRATION

Creating excellence in patient care, 44(9):816-821

ORTHOTIC DEVICES

Upper extremity assistive devices: Assessment of use by spinal cord-injured patients with quadriplegia, 44(2):126-131

P

PATIENT CARE TEAM

Case Report—An intervention program for a fraternal twin with Down syndrome, 44(5):454-458

PATIENT EDUCATION

Brief or New—Teaching safe sex practices to psychiatric patients, 44(3):284-286

Effects of education on hand use with industrial workers in repetitive jobs, 44(9):777-782

PEDIATRIC OCCUPATIONAL THERAPY

Effects of keyboard use and pelvic positioning on typing speed and accuracy in a boy with cerebral palsy, 44(4):312-315

PEDIATRICS

Body part identification in 1- to 2-year-old children, 44(2):147-153

Brief or New—A dynamic elbow flexion splint for an infant with arthrogryposis, 44(5):460-461

Case Report—Report of an occupational therapy evaluation of sensory integration and praxis, 44(7):650-653

Overview of the Sensory Integration and Praxis Tests, 44(7):589-594

Praxis on verbal command and imitation, 44(7):641-645

PERCEPTION

Critical analysis of occupational therapy approaches for perceptual deficits in adults with brain injury, 44(4):299-304

PERSONNEL MANAGEMENT

Brief or New—Progressive student expectations based on AOTA's fieldwork evaluation, 44(9):848-851

PHYSICAL STIMULATION

Case Report—An intervention program for a fraternal twin with Down syndrome, 44(5):454-458

PLANNING PROCESS, OCCUPATIONAL THERAPY

Use of the Role Checklist with the patient with multiple personality disorder, 44(11):1008-1012

PLAY DEVELOPMENT

Case Report—Play behavior and occupational therapy, 44(1):68-75

PLAY THERAPY

Case Report—Play behavior and occupational therapy, 44(1):68-75

PRIMARY PREVENTION

Effect of body mechanics instruction on work performance among young workers, 44(5):402-407

PRIVATE PRACTICE, OCCUPATIONAL THERAPY

Developing a variable budget for occupational therapy contract work, 44(9):803-807

Evaluating productivity and profitability in occupational therapy contractual work, 44(2):133-137

PROFESSIONAL COMPETENCE

Mastery in clinical occupational therapy, 44(5):415-422

Patient-therapist relationship in occupational therapy: Understanding visions and images, 44(1):13-21

Perceived competence among occupational therapists in mental health, 44(2):118-124

Preparation of occupational therapists to work in early intervention programs, 44(9):828-833

Relationship of educational level to the development and dissemination of knowledge by occupational therapists, 44(1):39-46

PROFESSIONAL-PATIENT RELATIONS

- AIDS: Toward a compassionate response, 44(3):271-278
Patient-therapist relationship in occupational therapy: Understanding visions and images, 44(1):13-21

PROFESSIONAL PRACTICE

- Goal attainment scaling as a method of clinical service evaluation, 44(6):519-525
Research attitudes and activities of occupational therapy clinicians, 44(4):350-355
Steps in collaborative research between clinicians and faculty, 44(1):55-59

PROFESSIONAL PRODUCTIVITY (OF OCCUPATIONAL THERAPISTS)

- Relationship of educational level to the development and dissemination of knowledge by occupational therapists, 44(1):39-46

PSYCHIATRY

- Occupational therapy with patients with multiple personality disorder: Personal reflections, 44(11):1024-1027

PSYCHOMETRICS

- Relationship of the Allen Cognitive Level Test to cognitive abilities and psychopathology, 44(6):493-497

PSYCHOSOCIAL ASPECTS OF ILLNESS

- Coping with grief in response to caring for persons with AIDS, 44(3):266-269

PSYCHOTHERAPY

- Considerations and techniques in the treatment of persons with multiple personality disorder, 44(11):999-1007

PUBLIC POLICY

- Legal perspective on AIDS, 44(3):244-246

PUBLIC SCHOOLS

- Brief or New—State guidelines for school-based occupational therapy: 1989 survey, 44(8):755-757

Q

QUALITY ASSURANCE, HEALTH CARE

- Goal attainment scaling as a method of clinical service evaluation, 44(6):519-525

QUALITY OF HEALTH CARE

- Creating excellence in patient care, 44(9):816-821

R

RANGE OF MOTION

- Case Report—Upper extremity inhibitive casting in a boy with spastic quadriplegia, 44(6):552-555

REHABILITATION

- Case Report—Incorporating continuous passive motion in the rehabilitation of a patient with Guillain-Barré syndrome, 44(8):750-754

REHABILITATION, HAND

- Effects of continuous passive motion and elevation on hand edema, 44(10):914-921

REIMBURSEMENT MECHANISMS

- Brief or New—A multidisciplinary approach to the development of competency standards and appropriate allocation for patients with dysphagia, 44(4):369-372

RELIABILITY OF TESTS

- Shoulder subluxation and pain in stroke patients, 44(6):507-509
Test of Orientation for Rehabilitation Patients: Interrater reliability, 44(9):784-790

RESEARCH

- Critical analysis of occupational therapy approaches for perceptual deficits in adults with brain injury, 44(4):299-304
Looking Back—The curriculum directors: Influencing occupational therapy education, 1948-1964, 44(4):357-362
Research attitudes and activities of occupational therapy clinicians, 44(4):350-355
Steps in collaborative research between clinicians and faculty, 44(1):55-59
Test of fine finger dexterity, 44(6):499-504

RESEARCH DESIGN

- Program evaluation for accreditation, 44(9):823-826

- Test of Orientation for Rehabilitation Patients: Interrater reliability, 44(9):784-790

ROLE DELINEATION

- Formulating a role for occupational therapy in child psychiatry: A clinical application, 44(10):871-882

ROLE, OCCUPATIONAL

- Coping with grief in response to caring for persons with AIDS, 44(3):266-269

S

SCHOOL ADMISSION CRITERIA

- Relationship between admission criteria and practice preferences, 44(5):447-452

SCHOOLS, OCCUPATIONAL THERAPY

- Program evaluation for accreditation, 44(9):823-826

SELF CONCEPT

- Self-esteem in children: Considerations for measurement and intervention, 44(8):729-734

SENSORIMOTOR THERAPY

- Measuring the effects of neurodevelopmental treatment on the daily living skills of 2 children with cerebral palsy, 44(2):139-145

SENSORY INTEGRATION

- Case Report—Play behavior and occupational therapy, 44(1):68-75

- Integrating motor control and motor learning concepts with neuropsychological perspectives on apraxia and developmental dyspraxia, 44(5):431-439

- Praxis on verbal command and imitation, 44(7):641-645

- Relationship between form and space perception, constructional abilities, and clumsiness in children, 44(7):623-628

SENSORY INTEGRATIVE DYSFUNCTION

- Sensory integrative processing in delinquent-prone and non-delinquent-prone adolescents, 44(7):630-639

- Touch inventory for elementary-school-aged children, 44(2):155-159

SEX EDUCATION

- Brief or New—Teaching safe sex practices to psychiatric patients, 44(3):284-286

SIALORRHEA

- Decreasing drooling with oral motor stimulation in children with multiple disabilities, 44(8):680-684

- Effect of mouth closure on drooling and speech, 44(8):686-691

SINGLE SUBJECT RESEARCH

- Decreasing drooling with oral motor stimulation in children with multiple disabilities, 44(8):680-684

- Use of an elbow restraint to improve finger-feeding skills in a child with Rett syndrome, 44(4):328-332

SOCIAL BEHAVIOR DISORDERS

- Case Report—Occupational therapy intervention with an adolescent with brain injury and behavioral disorders, 44(2):168-171

SOCIAL PERCEPTION

- Self-esteem in children: Considerations for measurement and intervention, 44(8):729-734

SPECIALTIES, OCCUPATIONAL THERAPY

- Perceived competence among occupational therapists in mental health, 44(2):118-124

- Relationship between admission criteria and practice preferences, 44(5):447-452

SPINAL CORD INJURIES

- Upper extremity assistive devices: Assessment of use by spinal cord-injured patients with quadriplegia, 44(2):126-131

SPLINTS

- Brief or New—A dynamic elbow flexion splint for an infant with arthrogryposis, 44(5):460-461

- Use of an elbow restraint to improve finger-feeding skills in a child with Rett syndrome, 44(4):328-332

STEREOTYPED BEHAVIOR

- Use of an elbow restraint to improve finger-feeding skills in a child with Rett syndrome, 44(4):328-332

- Use of tactile and vestibular stimulation to reduce stereotypic

behaviors in two adults with mental retardation, 44(6):536-541

STRESS, PSYCHOLOGICAL

Activity patterns and life changes in people with depression, 44(10):902-906

Coping strategies used by occupational therapy students during fieldwork: An exploratory study, 44(6):543-550

Use of relaxation training to enhance functional outcomes in adults with traumatic head injuries, 44(9):797-802

STUDENTS, OCCUPATIONAL THERAPY

Coping strategies used by occupational therapy students during fieldwork: An exploratory study, 44(6):543-550

Knowledge and attitudes of occupational therapy students regarding AIDS, 44(3):205-210

STUDENTS, OCCUPATIONAL THERAPY—RECRUITMENT

Looking Back—Recruitment standards and practices in occupational therapy, 1900-1930, 44(8):742-748

SUBSTANCE ABUSE

Case Report—The HIV-positive intravenous drug abuser, 44(3):280-283

SUBSTANCE DEPENDENCE

Case Report—The HIV-positive intravenous drug abuser, 44(3):280-283

SUPPORT SYSTEM

Self-esteem in children: Considerations for measurement and intervention, 44(8):729-734

T

TASK PERFORMANCE AND ANALYSIS

Adding meaning to a design copy task through representational stimuli, 44(5):408-413

Concurrent validity of the task-oriented assessment component of the Bay Area Functional Performance Evaluation with the American Association on Mental Deficiency Adaptive Behavior Scale, 44(10):907-912

TECHNOLOGY

Case Report—The use of powered leisure and communication devices in a switch training program, 44(10):931-934

TESTS, BY TITLE

Allen Cognitive Level Test, 44(6):493-497

Bay Area Functional Performance Evaluation, 44(10):907-912

Miller Assessment for Preschoolers, 44(1):48-53

Peabody Developmental Motor Scales, 44(4):334-340

Role Checklist, 44(11):1008-1012

Rosenbusch Test of Finger Dexterity, 44(6):499-504

Sensory Integration and Praxis Tests, 44(7):589-594

Sensory Integration and Praxis Tests, 44(7):596-603

Sensory Integration and Praxis Tests, 44(7):603-608

Sensory Integration and Praxis Tests, 44(7):610-621

Sensory Integration and Praxis Tests, 44(7):630-639

Sensory Integration and Praxis Tests, 44(7):647-649

Sensory Integration and Praxis Tests, 44(7):650-653

Sensory Integration and Praxis Tests, 44(7):655-657

Southern California Sensory Integration Tests, 44(7):596-603

Test of Fine Finger Dexterity, 44(6):499-504

Test of Orientation for Rehabilitation Patients, 44(9):784-790

Touch Inventory for Elementary-School-Aged Children, 44(2):155-159

Vineland Adaptive Behavior Scales, 44(10):871-882

TEST CONSTRUCTION

Overview of the Sensory Integration and Praxis Tests, 44(7):589-594

Test of fine finger dexterity, 44(6):499-504

THERAPEUTIC ACTIVITIES

Understanding and cooperation among alter and host personalities, 44(11):994-997

TIME MANAGEMENT TRAINING

Stress management program: Inpatient-to-outpatient continuity, 44(4):306-310

TOUCH AND TACTILE SENSATION

Use of tactile and vestibular stimulation to reduce stereotypic behaviors in two adults with mental retardation, 44(6):536-541

V

VISION DISORDERS

Case Report—Occupational therapy intervention with an adolescent with brain injury and behavioral disorders, 44(2):168-171

VISUAL NEGLECT

Identification of visual scanning deficits in adults after cerebrovascular accident, 44(5):391-399

VISUAL PERCEPTION

Adding meaning to a design copy task through representational stimuli, 44(5):408-413

Adding purpose to the repetitive exercise of elderly women through imagery, 44(8):714-719

Brief or New—A computer program for enhancing visuomotor skills, 44(6):557-559

Case Report—Occupational therapy intervention with an adolescent with brain injury and behavioral disorders, 44(2):168-171

Relations between design copying and other tests of sensory integrative dysfunction: A pilot study, 44(7):596-603

Relationship between form and space perception, constructional abilities, and clumsiness in children, 44(7):623-628

Sensorimotor program for improving writing readiness skills in elementary-age children, 44(2):111-116

W

WHEELCHAIRS AND ACCESSORIES

Case Reports—Evaluating the potential for powered mobility, 44(12):1125-1129

WORK

Effect of body mechanics instruction on work performance among young workers, 44(5):402-407

WOUNDS AND INJURIES

Effect of body mechanics instruction on work performance among young workers, 44(5):402-407

WRIST

Reliability of goniometric measurements of active and passive wrist motions, 44(4):342-348 ▲
